

Spoken Karaim CD

Beta user problem report, evaluation and suggestion form

Please help us by sending problem reports, evaluation, and suggestions for the *Spoken Karaim CD-ROM*.

Problems and errors

Please report any particular problems you have running or using the program. We have left a debugging feature turned on, so that error messages might be shown on the screen; if possible, please record the error message and describe what you were doing when the error occurred.

Description of errors and problems:

If you had problems, please also tell us:

- if you are running the program from the CD-ROM or your hard disk
—
- if you had any other programs running at the same time
—
- the model of your computer
—
- graphics settings - display size (eg, 800 x 600) and number of colours (eg, 16 bit, High colour, or Thousands of colours)
—
- if you can normally view other multimedia products and hear sounds on your computer
—
